Section 6: Accidental Release Measures

Spill:	Before cleaning any spills or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment.	
	Dike and contain spill with inert material (e.g. sand or earth). Use ONLY non sparking tools for recovery and clean-up. Transfer liquid to containers	
	for recovery or disposal and solid diking material to separated containers for proper disposal. Remove contaminated clothing promptly and wash	
	affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.	
	US Regulations (CERCLA) require reporting spills and releases to soil, water and air in excess of	
	reportable quantities. The toll free number for the US Coast Guard National Response Center is (800) 424-8802. EU Regulations	
	require the consultation of Directive 98/24/EC. Dispose and report per regulatory requirements if necessary. Please prevent	
	washings from entering waterways.	

Section 7: Handling and Storage

Handling:	No smoking					
	Prevent static discharges					
	Exposure by inhalation or skin contact sh	ould be minimized by good industrial hygiene				
	Vapor is heavier than air, spreads along t	he ground.				
	Vapor can form an explosive mixture in a	ir, prevalent in empty unclear vessels				
	Use non-sparking utensils when handling	this material				
Storage:	Keep containers tightly closed when not in	n use.				
	Store in a cool, dry place, away from heat	t and all types of light.				
	Eliminate possible point ignition sources,	e.g. No smoking, Naked flames, static discharges				
	Use flame proof electrical equipment.					
Special precautions	Open containers slowly on a stable surface	ce. Keep container tightly closed when not in use. Er	mpty containers may contain residua	I amounts of this proc	luct;	
	therefore, empty containers should be handle with care					
Section 8: Exposure Controls / Persor	al Protection					
Engineering Controls	When working with large quantities of pro	oduct, provide adequate ventilation. Ensure that an e	eyewash station, sink or washbasin			
	is available in case of exposure to eyes.					
Personal Protective Equipment						
General:	No special body protection is required under typical circumstances of use and handling. If necessary refer to appropriate standards of Canada, The E.C members states, or U.S. OHSA.					
Eye / Face Protection:	Depending on the use of this product, sp	lash or safety glasses may be worn.				
Skin Protection:	If anticipated that prolonged and repeated skin contact will occur during use of this product, wear latex or gloves for routine industrial use.

Environmental Stability:

The components of this product will slowly degrade over time into a variety of organic compounds. Specific environmental data available for the components of this product are as follows

Ethyl Acetate:	Koc= 0.73. Water Solubility: 64,000 mg/l. Bioconcentration Factor= 4-14. Biocincentration is not anticipated to be significant. This compound can be removed from contaminated environments from volatilization, and biodegradation. This compound's half-life in water is 6.1 hours.		
Butyl Acetate:	Koc= 1.8. Water Solubility: 120 Parts H2O at 25°C (77°F). Bioconcentration Factor= 4-14. Biocincentration is not anticipated to be significant. This compound can be removed from contaminated environments from volatilization, and biodegradation. This compound's half-life in water is 6.1 hours.		
Isopropyl Alcohol:	Low Kow= 0.05-0.14. Isopropyl alcohol occurs naturally; it is generated during microbial degradation pf plant and animal wastes. When released on land or water, it is apt to volatilize and biodegrade. The estimated half-life in water is 5.4 days, Isopropyl alcohol is not expected to bioconcentrate.		
Chemical Fate Information			
Biodegradability	No Information Available		
Chemical Oxygen Demand	No Information Available		

To the best of our knowledge, the ecotoxocological and chemical fate properties have not been thoroughly investigated. Do not allow to enter drinking water supplies, wastewater, or soil.
